ABOUT US

IMPERIAL COACHING CENTRE is an organization which aims at building a better India by providing high quality Education to the budding students of our country. The vision of the organization is to improve the quality of Education in our country. This vision derives itself from the belief that Education has the power to transform and change a person's life and hence the country's

future. Our expertise lies in Science, Engineering, Medical and Government entrance exam coaching and that's where we begin. Times have changed and so has the meaning of Education. From ancient times when teaching was considered a sacred space, to today where it has been left just as a business. Most coaching classes follow what is called as the "Business Module". However, keeping in mind our experiences both as students and as professors we have come up with what we call the "Student Module".

Needless to say, all this could not have been possible without most innovative, strategic & scientific teaching & learning methodology & its implementation at our institute. Our institute promotes academic excellence, achievements & high ideals. By providing an environment, which inspires students to develop a zest for learning. At IMPERIAL, students are considered sparks of divinity, and teaching is considered as dedicated service towards divinity. An extraordinary combination of spiritual values and modern technology is what IMPERIAL is about.

PRODUCTS & SERVICES

Review courses and specific topic for courses

- General Science
- Physics
- Biology
- Chemistry
- Mathematics

Resources include tailor-made courseware for Regular Class Room Programs (CRP), Accelerated Programs (CRP) and the Super Accelerated Programs (SARP) through a set of revision notes, video lectures, mind maps, test series and many more, inclusive of exhaustive collection of prior exam questions from each of the courses offered by the senior secondary level with extensive experience in reviewing testing patterns. Students are provided with study strategies to help them better focus their personal study time to better prepare for upcoming exams. This program will help to make the basics strong and consistent across all students irrespective to which school or board they come from and also irrespective of how much they knew before. Students are encouraged to review exam results to see where they still have room for improvement. Review of exams is therefore helpful in grasping concepts needed on future exams as well as gauging progress in the course.

Apart from classroom coaching, personal tutoring and mentoring sessions are also available, as well as small group study sessions. Students are encouraged to come prepared with questions and items to discuss. Students are also encouraged to ask the tutor questions throughout the week in between sessions. Questions can also be submitted and answered personally via email.

Imperial Coaching Centre understands that different people learn in different ways, so classes are taught on various levels. Board displays and other visual aids are employed whenever possible to reach those who learn visually. Explanations are thorough for the audio learners. A training model is employed that gives students a good deal of hands-on time during the session so they can learn by doing. And an analysis of each student helps determine which of these approaches will be the most useful for each individual student. We will ensure that every student has understood all the basic concepts clearly and then only will proceed to make the strong foundation.

Finally, the services offered by the company are differentiated from competitors by the quality of Imperial Coaching teaching standards. Our faculties are qualified from IIT, Top Engineering Science Colleges. Apart from technology it has fun, energy, and has a certain stage presence that makes it interesting to attend the tutoring sessions. Moreover, there will be personalized attention and focus on the specific needs of individual students.

EXECUTIVE SUMMARY

Imperial Coaching Centre provides supplementary educational programs for Students and Services. We aim at building a better India by providing quality Education to the budding students of our country and has a 360 degrees presence in the field of education, providing something of value for almost everyone, proving to be a one-step-solution for all educational needs. The vision of the organization is to improve the quality of Education in our country. The vision derives itself from the belief that Education has the power to transform and change a person's life and hence the country's future. Our institute promotes academic excellence, achievements & high ideals. By providing an environment we inspire students to develop a zest for learning.

EXAMINATION

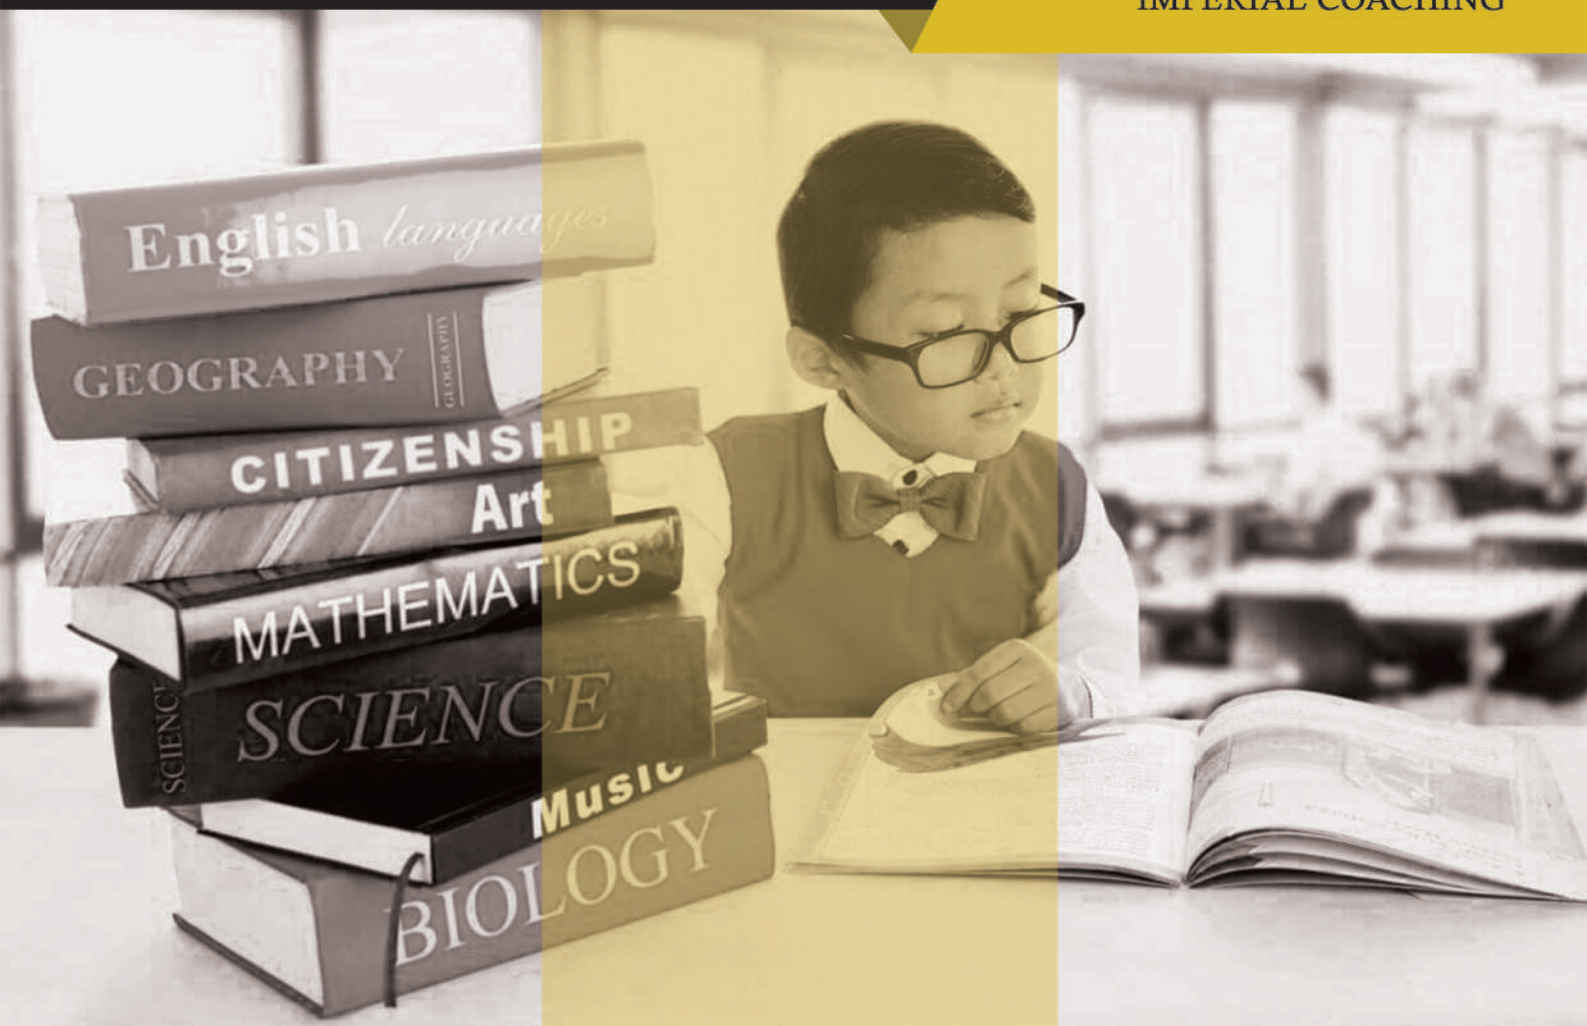

- Monthly Mock Test on OMR sheet to prepare students for time management for future Competitive examinations.
- The Assessment & Evaluation cell for the organization will develop complete guidelines for conducting Review Test / Mock Examination.
- Latest sample/ Practice Test/ Question papers to be provided from time to time.
- Regular test after every topic under close monitoring to keep the student interested.

ACADEMIC SUPPORT

- Regular visit to each Institution by the Project team.
- The Project Team to keep a regular control on the conduction of the course.
- A professional Academic manual will be developed by the Academic team which will include-Instructor's Guidelines, teaching tool presentation kit, study material, etc.
- IMPERIAL will also have a faculty pool at the regional level to support the Institutions as and when required.

KEYS TO SUCCESS

- Through a system of periodical research and analysis we keep our methodologies and techniques of teaching updated and in line with the changing policies and patterns. The reason why we are successful in appealing to the students and parents is our ability to bridge the gap created by incompetence of the mushrooming private tutors to provide quality education and inability of most of the students to achieve the required standard needed for academic excellence with out professional support and guidance.
- Developing methods of approaching subjects that helps students get their minds around challenging concepts
- Truly listening to student's needs and diagnosing where their understanding of concepts is breaking down.
- Special doubt solving session focus on helping students grasp the concepts they will need to know to perform well in their class.

BENEFITS FOR THE STUDENTS

- Students enrolling in this program will have an integrated study plan.
- The studies for both Boards as well as Competitive Exam (Medical, JEE- Main & Advanced) & other National level Olympiad Examination will be controlled and executed by IMPERIAL.
- This would mean that the Student would not be going through two separate schedules and Classes for the same subject.
- Integrated School Programs would provide thrust for the Students to participate in co-curricular activities, sports and social activities etc. which are very important for their personality development.

WHY IMPERIAL?

WE ARE DIFFERENT

IMPERIAL COACHING

- **Class room coaching for School Students for Board Level.**
- **Entire course is divided in phases :** each phase has exhaustive quizzes and Phase Tests (on both boards as well as competitive examination).
- **Extensive coverage of additional topics for Competitive examination.**
- **Phase Tests are followed by Test Analysis Sessions.**
- **Single comprehensive study material :** Additional problems will be supplemented wherever necessary. Students should not require any additional books etc.
- **All India Internal Test Series (AIITS) :** These test make students acquainted with a diverse set of examination patterns and along side confer them with their National level performance ranking in the respective patterns. Tests are based on the common minimum syllabus of all classroom / School Integrated Programs.
- **Chapter practice problems (CPP) :** On each chapter students will be given chapter practice problems which they have to attempt and submit before the beginning of the next chapter. These solutions will be checked by the faculty and will be returned to the students with remarks and suggestions. Thus helping every student to have a very strong command over fundamental conceptual knowledge very crucial for getting Top ranks.
- **Class Learning Improvement Program (CLIP) :** Icing on the cake of every class will be done through Class Learning Improvement Program for those who have completed all assignments to further help them get a higher Rank / performance in Entrance Exams.
- **Regular feedbacks.**
- **Competitive Examination Archive :** Question Bank with Answers.
- **Grand Masters Package (GMP) :** An exclusive fundamentals search based package of 1500 Top quality problems on Competitive Examination pattern testing your understanding of the subject. It covers all aspects of problem solving Techniques
